11.   Other: _____
       I acknowledge that I have been advised and am aware of my obligations concerning Intel Confidential Information, including that identified above, to which I have had access during my employment. I acknowledge that my obligations concerning Intel Confidential Information include a prohibition against posting any such information on social media, sharing this information with a future employer, or making unauthorized disclosures to the press on behalf of Intel. I signed an Employee Agreement in connection with my employment, and have been further advised that I cannot use for my own benefit or the benefit of others any Intel Confidential Information without the prior written permission of Intel, but that I am free to use information in the public domain as well as my own skill, knowledge, and experience as long as such use does not conflict with my obligations under my Employee Agreement.
       I confirm that, except for any Invention Disclosure Forms ("IDFs") in which I am listed as an inventor and any correspondence related to those IDFs, I have returned to Intel all Intel Confidential Information, including all confidential reports, drawings, documents, process specifications, masks, product specifications, manuals, field manuals, diagnostic tools, software diagnostics, virus routines, network analysis, spare parts lists, customer lists, customer contact names, contracts and agreements, all computer files, data and software packages to which I have had access during my past employment and which are the property of Intel, its subsidiaries, customers or third parties. I also confirm that I have no such documents or full or partial copies thereof or any other Intel property or material in my possession or my custody anywhere. **I understand that refusal to complete, sign and return this TSAF to my supervisor may result in my being ineligible for re-hire by Intel as a Blue Badge or Contingent Worker.**
       For U.S. Employees Only: I am further advised that I will not be held criminally or civilly liable under any federal or state trade secret law for disclosure of a trade secret that is made in confidence to a government official, either directly or indirectly, or to an attorney solely for the purpose of reporting or investigating a suspected violation of law; or is made in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal. I am further advised that, in the event that I file a lawsuit for retaliation by Intel for reporting a suspected violation of law, I may disclose the trade secret information to my attorney and use it in the lawsuit, if any document containing the trade secret is filed under seal; and I do not disclose the trade secret, except pursuant to court order.
